FY 2012	1 st Year	2013.3.19	2016.3.31
FY	2 nd Year		
FY	3 rd Year		
Assignment Description			
<p>The preparatory survey for Base of Pyramid (BOP) business promotion is the Japan International Cooperation Agency's scheme to promote collaboration with companies and various organizations on BOP business. This BOP cooperation is expected to help resolve developmental issues faced by BOP in developing countries.</p> <p>Licorice production project preparatory survey in Republic of Tajikistan was proposed jointly by IDCJ and Cokey Systems Corporation, which is the Japanese shareholder of the first Tajikistan-Japan joint company "JSC AVALIN". The core business of this project is for the farmers' organization in Hatlon province in the Republic of Tajikistan to supply the licorice to JSC AVALIN. The purpose of the licorice production project is to increase employment opportunity and income of the farmers.</p>
