<b>Country:</b>	Vietnam		
<b>Status:</b>	Solo		
<b>Project Duration:</b>	<b>Current Year</b>	<b>Start Date:</b>	<b>End Date:</b>
FY 2012	Single Year (Final)	2012.12.10	2013.12.13
<b>Assignment Description</b>			
<p>Japan International Cooperation Agency (JICA) implements ex-post project evaluation studies on Japan's ODA loan and grant projects three years after the completion of the projects. In order to review neutrally and impartially the current situation, operation, maintenance, and management of the completed projects, JICA appoints and dispatches third party evaluators. The main objectives of JICA's ex-post evaluation are;</p> <p>(1) To assess the results of projects in order to achieve accountability to the general public of Japan;</p> <p>(2) To extract lessons learned that can be reflected in future projects;</p> <p>(3) To make recommendations to the executing agency and JICA to enhance their operations.</p> <p>JICA has appointed the International Development Center of Japan (IDCJ) to conduct the upcoming study. Throughout the study, the team of consultants will visit the project site and related organizations, carry out various surveys, and evaluate the project based on the DAC 5 criteria (relevance, effectiveness, efficiency, impact, sustainability). The results of the evaluation will be fed back to the related organizations and be open to the public via the JICA webpage.</p> <p>The following projects are evaluated:</p> <p>“The Project for the Groundwater Development in Central Highland Province” (grant)</p> <p>“The Project for Traffic Safety Human Resource Development in Hanoi” (technical cooperation)</p> <p>“Implementation Support for 3R Initiative in Hanoi City to Contribute to the Development of a Sound Material-Cycle Society” (technical cooperation)</p>
