Project Duration:	Current Year	Start Date:	End Date:
FY 2011	Single Year (Final)	2012.1.13	2012.10.15
Assignment Description JICA undertakes ex-post evaluation after the completion of projects. JICA selected target projects for the ex-post monitoring based on the results of ex-post evaluation. Selected project may have limited project effects or insufficient project sustainability. In principle, ex-post monitoring is undertaken 7 years (5 years after the ex-post evaluation) after a project was completed in order to observe whether the expected effects and impacts continue. Ex-post monitoring is conducted to review a project from the three evaluation items out of 5 DAC evaluation items. Those were effectiveness, impacts and sustainability. In addition, the study also ascertains what action has been taken in response to the recommendation gleaned during ex-post evaluation. The ex-post monitoring studies for the following projects were conducted.
